AUTOMOTIVE / COURSE OVERVIEW

AUR40216 / CERTIFICATE IV

Automotive Mechanical Diagnosis

Qualification description

This qualification reflects the role of individuals who perform advanced diagnostic tasks in the automotive retail, service and repair industry.

27	27	0	20
WEEKS TOTAL	TRAINING + ASSESSMENT	HOLIDAY WEEKS	FACE-TO-FACE HRS / WK

Supplementary classes and attendance may be required for missed classes, further training, reassessment or additional support.

Delivery sites

Brisbane
110 Beatty Rd, Archerfield QLD 4108

Gold Coast
Suite 102, Level 1, 9 Bay St,
Southport QLD 4215

Sydney
Level 6, 16-18 Wentworth St,
Parramatta NSW 2150

Learning pathways

AUR50116
Diploma of Automotive Management

AUR50216
Diploma of Automotive Technology

Sample weekly timetable

Monday: 8 am-5 pm (1-hour break).
Tuesday: 8 am-5 pm (1-hour break).
Wednesday: 8 am-12.30 pm (30-minute break).

Mode of delivery

20 hours per week
Face-to-face training and assessment

Minimum 8 hours per week
Expected independent study

JOB OUTCOMES **Automotive Master Technician / Automotive Overhaul Technician**

TRAINING PACKAGE

Units of competency

10 units: 1 core unit + 9 elective units.

UNIT CODE	UNIT TITLE	TYPE
AURTTA021	Diagnose complex system faults	CORE
AURETR125	Test, charge and replace batteries and jump-start vehicles	ELECTIVE
AURTTA118	Develop and carry out diagnostic test strategies	ELECTIVE
AURLTB104	Diagnose complex faults in light vehicle braking systems	ELECTIVE
AURLTD109	Diagnose complex faults in light vehicle steering and suspension systems	ELECTIVE
AURLTX104	Diagnose complex faults in light vehicle automatic transmission and driveline systems	ELECTIVE
AURLTE104	Diagnose complex faults in light vehicle petrol engines	ELECTIVE
AURLTE105	Diagnose complex faults in light vehicle diesel engines	ELECTIVE
AURTTR101	Diagnose complex faults in engine management systems	ELECTIVE
AURETR037	Diagnose complex faults in light vehicle safety systems	ELECTIVE

How electives are selected

Elective units must be relevant to the work environment and qualification, maintain AQF alignment, avoid duplicating another unit outcome, and contribute to a valid vocational outcome.

ADMISSIONS

Entry requirements

Qualification entry requirement: Applicants need an automotive mechanical Certificate III or equivalent competency. International applicants must also hold a valid student visa.

International students must:

- Be at least 18 years of age.
- Participate in a course entry interview (pre-enrolment review) to assess suitability and support needs.
- Undertake OCT's ACSF language, literacy and numeracy assessment.

English language requirements

Achieve the required test score within the last 3 years, before enrolment.

TEST TYPE	STANDARD	10+ WEEKS ELICOS	20+ WEEKS ELICOS
IELTS	6.0	5.5	5.0
TOEFL internet-based	64	46	35
Cambridge English Advanced	169	162	154
PTE Academic	50	42	36
Occupational English Test	B each component	B each component	B each component

ELICOS: English Language Intensive Courses for Overseas Students.

English test evidence exemptions

- You are a citizen and hold a passport from the UK, USA, Canada, New Zealand or Republic of Ireland.
- You are an eligible Foreign Affairs or Defence sponsored student, or a Secondary Exchange student (AASES).
- Your principal course is a registered school course, standalone ELICOS, a course delivered in a language other than English, or registered postgraduate research.
- You completed at least 5 years of study in English in Australia, UK, USA, Canada, New Zealand, South Africa or Republic of Ireland.
- In the 2 years before applying, you completed an Australian Senior Secondary Certificate or a substantial component of an AQF Certificate IV or higher course in Australia, in English, while holding a student visa.

British National Overseas (BNO) passport holders may still need an English test score for their visa application.

STUDENT VISA: Upon acceptance, international students must provide evidence of an Australian Student Visa (subclass 500).

STUDY EXPERIENCE

Study, training & support

Practical learning. Clear guidance. Support throughout your study.

Physical requirements

- Constant hand function (fine and gross), lifting waist-to-overhead and carrying up to 2 kg.
- Frequent standing, forward reaching, overhead reaching and static neck postures.
- Frequent lifting from floor to overhead and carrying 2 kg to 15 kg.
- Frequent pushing and pulling.

Discuss your capabilities and any concerns during the course entry interview.

Delivery arrangements

Build on your automotive mechanical skills through classroom learning and practical diagnostic activities in an automotive training environment. OCT provides an individual training and assessment plan outlining your timetable.

TOOLKIT & UNIFORM

OCT provides an apprentice toolkit. Bring your toolkit to practical classes and wear your issued uniform for workshop activities.

PRACTICAL CLASSES

OCT provides printed learning materials.
Bring your own PPE and safety boots to every class.

01 Student Support System

Student support is available throughout your study. Refer to the Student Handbook for available services.

02 Assessment System

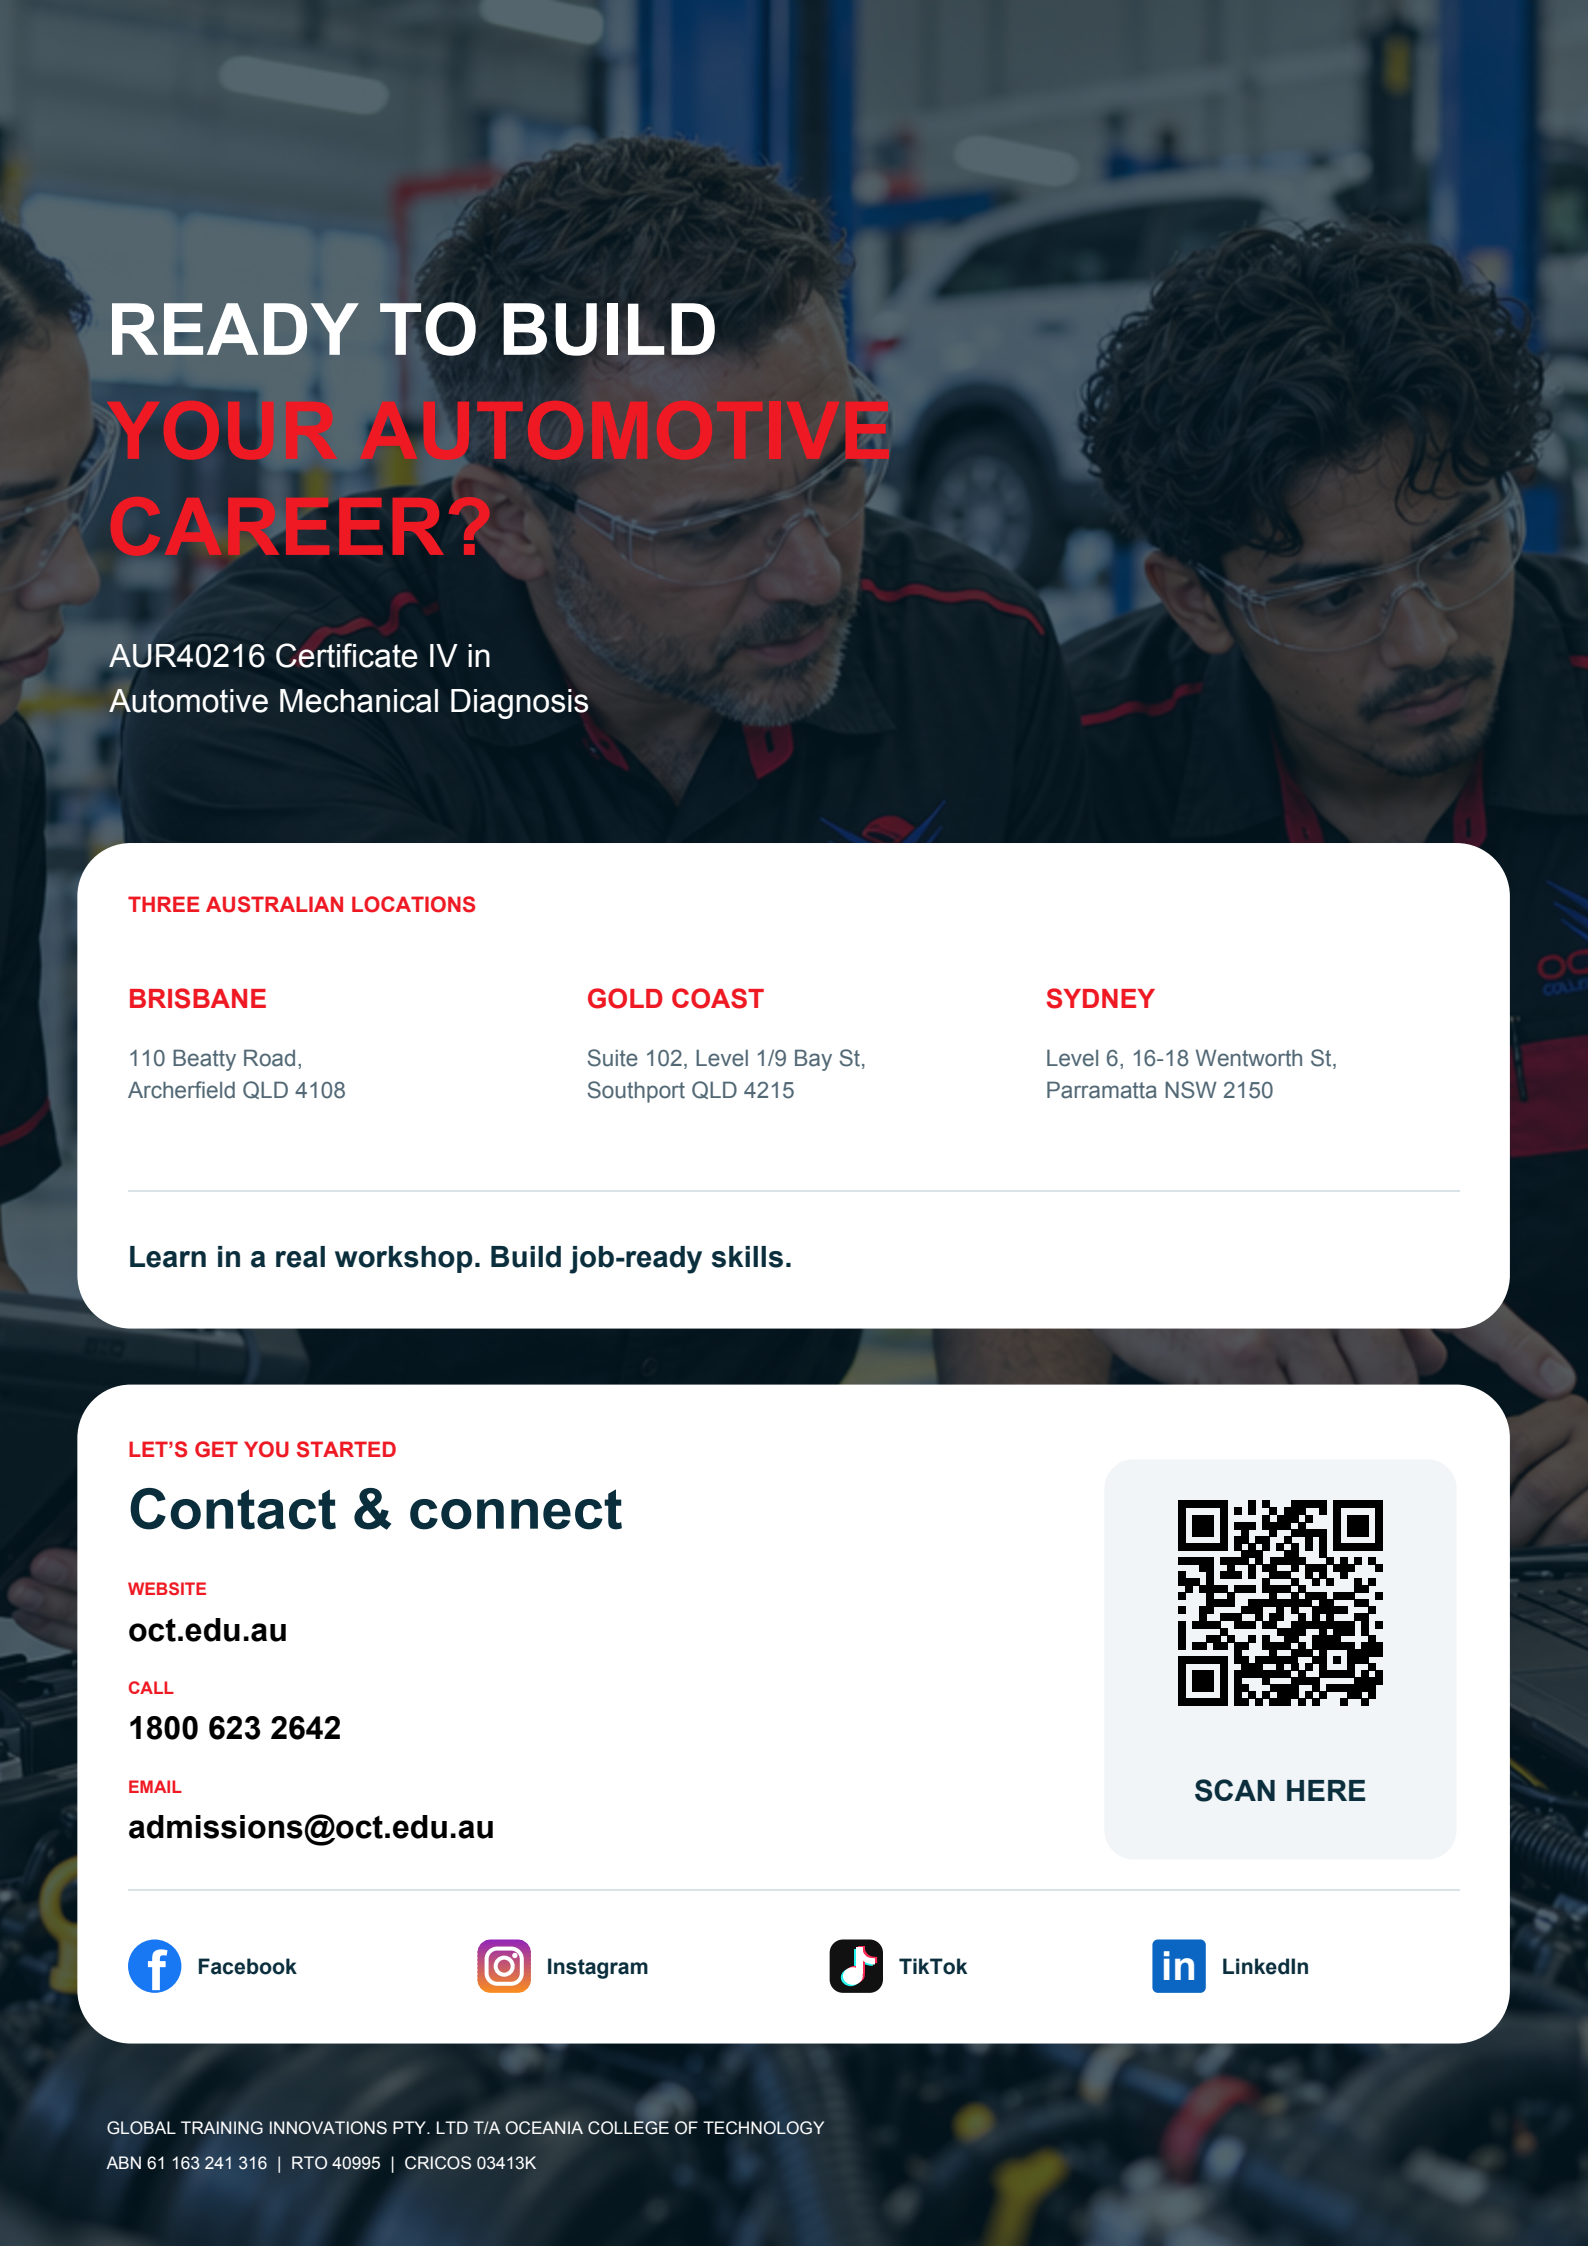

Units are assessed individually through written assessment, verbal questioning and practical demonstrations observed by the assessor, with a focus on diagnosing complex automotive system faults.

03 RPL + Credit Transfer

Prior learning and credit transfer may reduce course duration. All students may apply for RPL. Refer to the RPL and CT policy in the Student Handbook or website.

04 Assessment Appeals

Appeal assessment decisions through the Complaints and Appeals Policy in the Student Handbook or website. Complaints and appeals follow the published procedure.
